- Vessels 16 feet and longer, excluding canoes and kayaks, are required to be equipped with one Type IV throwable PFD in addition to the Type I, II, III, or V PFD required for each person on board.
- Inflatable PFDs are authorized only when used in accordance with requirements as presented on U.S. Coast Guard approval labels. Inflatable PFDs are not approved for use on personal watercraft, waterskiing, or other high speed activity.

Operation of Your Personal Watercraft (Jet-ski)

NOTE: Children under 13 are specifically prohibited from operating a PWC unless accompanied on board by a person at least 18 years of age who can lawfully operate the PWC.

All operational rules for regular motorboats also apply to PWC.

In addition to those requirements, it is unlawful for any person to:

1. operate PWC at night (sunset until sunrise);
2. operate PWC within 50 feet of another PWC, motorboat, vessel, platform, person, object, or shore except at headway speed (Headway speed-Slow, idle speed, or speed only fast enough to maintain steerage) without creating a swell or wake; and
3. operate a PWC and jump the wake of another vessel recklessly or unnecessarily close.

► Sound Producing Devices

- Any motorboat less than 12 meters in length (39.4 ft.) is required to carry a whistle or horn, or some other means to make an efficient sound to signal intentions and position in periods of reduced visibility.
- Motorboats 12 meters or more in length are required to carry a whistle or horn, and a bell

► Lights Required

- *All vessels* including motorboats, sailboats, canoes, kayaks, punts, rowboats, rubber rafts, or other vessels when not at dock must have and exhibit at least one bright light, lantern or flashlight visible all around the horizon from sunset to sunrise in all weather and during restricted visibility.

► Canoes and Kayaks

- Paddling at night: Remember that you must carry one bright white light that can be exhibited in time to prevent a collision. It is recommended that you carry a lantern, flashlight, or other attached white light that will be visible from 360 degrees. Regulations state that canoes, kayaks, and all other manually driven vessels shall exhibit sidelights and a sternlight, and shall exhibit at least one bright light, lantern, or flashlight from sunset to sunrise when not at dock.

More information on golf carts, neighborhood electric vehicles, all-terrain vehicles and recreational off-highway vehicles is available at www.txdot.gov or by contacting us.

FLOAT PLAN: Inform someone of your plans for the day.

REPORT AN EMERGENCY: CALL 911

WEAR A LIFE JACKET
A legal life jacket MUST be on board the boat for every passenger. ALL children under 13 MUST wear a life jacket. It's the law.

TAKE A BOATER ED COURSE
It's the law for boat operators born on or after Sept. 1, 1993. It could save your life. tpwd.texas.gov/education/boater-education

ALCOHOL & BOATING DON'T MIX
Almost 50% of all boating accidents involve alcohol. Intoxicated boat operators will be prosecuted.
Personal watercraft (PWC) must keep 50 FT. AWAY from ALL objects and persons when on plane, including other boats and PWC.

CLOSELY SUPERVISE CHILDREN
Stay close and keep your eyes on your children. It only takes a moment for a child to slip below the surface. An infant can drown in less than an inch of water.

CLEAN, DRAIN, DRY
Boaters and anglers in public fresh waters are REQUIRED to drain ALL WATER from boats and onboard receptacles before leaving or approaching a water body. It's the law.
